Minimum core vocabulary list

First examination 2014

Pearson Education Ltd is one of the UK's largest awarding organisations, offering academic and vocational qualifications and testing to schools, colleges, employers and other places of learning, both in the UK and internationally. Qualifications offered include GCSE, AS and A Level, NVQ and our BTEC suite of vocational qualifications, ranging from Entry Level to BTEC Higher National Diplomas. Pearson Education Ltd administers Edexcel GCSE examinations. Through initiatives such as onscreen marking and administration, Pearson is leading the way in using technology to modernise educational assessment, and to support teachers and learners.

Edexcel Level 1/Level 2 Certificate in German

Minimum core vocabulary

The following vocabulary list is intended to help you plan work in relation to your programmes of study. Assessment tasks targeted at grades G to C will be based on this vocabulary list, although they may include some unfamiliar vocabulary. Occasional glossing of individual words may occur in the examinations, although this will be avoided whenever possible. As well as specified vocabulary, students will be expected to have knowledge of numbers, times, days of the week, months etc.

Some of the vocabulary in the list is not unique to the topic under which it is listed and may appear under more than one heading. Adjectival forms of nouns are included although not always specifically listed here. The list does not include easily recognisable cognates or near cognates, words in common use in English, or English words in common use in German.
